Is it better to reuse
or recycle?

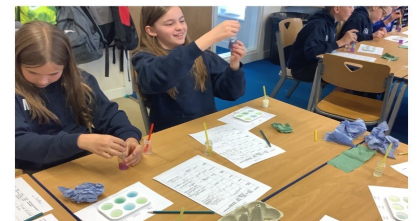

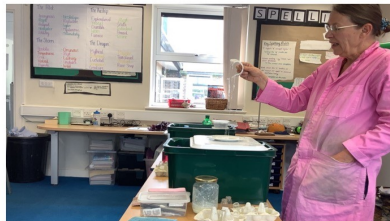

Ahead of World Environment Day on 5th June, a new report from the United Nations Environment Programme (UNEP) has announced that countries could cut plastic pollution by 80% in fewer than 20 years. The last few decades have seen plastic production levels increase dramatically, especially single-use plastic, and waste management systems are struggling to cope. The report offers a plan of action for governments and businesses to significantly cut levels of plastic pollution.

Things to talk about at home ...

- > Thinking about your own use of packaging, how often do you recycle?
- > When you are using or buying things, do you (or the person responsible for your shopping at home) think about the materials your food and beverages come in?

Chemistry with Cabbage

Year 6 had the brilliant opportunity to take part in Chemistry with Cabbage. Our chemist was blown away by them being able to answer questions that are normally asked at A-Level. They experimented with acids and alkalis making their own indicator from red cabbage water. They learnt how to neutralise both or change one into the other. They learnt how to make medicines to help with stomach acid and how those medicines work. We were so impressed by how hard they worked; we seemingly have many budding scientists in this year 6 class.

See Saw app

To allow us to share class updates to include your child, please could you ensure that you provide your consent via School Gateway? If we do not receive your consent we will assume that you do not wish your child to be pictured on the app.

Our ROCK values are Respect, Ownership, Caring and Kindness

Mini first aid

Our wellbeing focus for this half term is 'keep learning'. We would like to say a huge thank you to Laura, from Mini First Aid, for coming in to deliver first aid sessions to the children. Children in EYFS and KS1 learnt how to put someone into the recovery position and children in KS2 learnt how to help someone who is choking. Laura runs sessions for adults and children in different venues across Northwich and the surrounding areas. Please take a look at her website if you are interested.

Thank you for sponsoring a puppy

Charity

Thank you for your donations for the Guide Dogs! We raised £226.10 meaning that Year 3 have sponsored two guide dogs!

Club Rock Inset Day

We had a fantastic day for our first ever Club Rock Inset Day. The weather was glorious! The children enjoyed a fantastic game of the 'Post box', child led football competitions, rounders, water fights and building our very own Rock Garden! Fun was had by all including the staff. We are currently assessing the demand to run club from 2nd August to 11th August with perhaps wraparound care to Mr Ault's holiday club on 31st July and 1st August. Please could you let us know if you would be interested in this offering for those specific dates? Thank you!
