## News Story of the week....

# In the news this week

30 years ago, on 30<sup>th</sup> April 1993, Swiss science company CERN opened up the World Wide Web to the world, free-of-charge. The 'collaborative information system' was being used by the scientists at CERN (the European Organisation for Nuclear Research) to communicate, without delay, across countries and continents but deciding that there could be wider uses for the tool, they made it available for everyone.

### Things to talk about at home

- How often do you access websites online? Are there any particular sites that are your favourites? What about others in your home?
- Talk to someone older, who can remember a time before people had access to the World Wide Web. Ask them how things were different.

### Reception trip

Our Reception class enjoyed a walk around the village to look at landmarks and stopped at the library too! They had a wonderful time. Thank you to all parents who helped out.

## Charity and fundraising work

### Guide Dogs

The Year 3 bake sale to raise money for Guide Dogs was a brilliant success. The children have raised enough money to sponsor two guide dogs through their three years of training. A huge thank you to Year 3 parents for donating so many cakes, biscuits and other goodies and a huge thank you to all parents for donating to this worthy cause. We will sell the remaining cakes on the playground after school today.

### Dare to be different

Before Easter the children 'Dared to be different and **raised £184.50 for school!**

### Gin and Quiz

A huge thankyou to those parents who supported us at our gin and quiz evening. Also, a special mention to those parents who donated prizes and countless bottles of gin to make it another huge success. We raised £986.71 which is absolutely amazing! A huge thankyou from myself on again supporting this event Clare For-syth.

### Northwich Art Project

Year 2 and Year 4 have taken part in the Northwich Art project this half term. Each class has created a piece of art work around the theme our world.

In Year 2 they have been learning about printing images of famous landmarks and collaboratively created a piece of art based on littering our world.

Year 4 have created a piece of artwork themed around British wildlife, focussing on the natural beauty of our world.

Both pieces of art work can be viewed over the next couple of weeks in Northwich Town centre. You will find them displayed in the windows opposite Wildwood.

Please go along and see if you can spot our work!

## Celebrating success!

Emily and William participated in the Nantwich Dualthon, sprinting, cycling and running. We are very proud of them—they absolutely smashed it!

Well done Wilf for completing the Colour rush for st. Luke's hospice.

**Quad Kids**

## Car parking and safeguarding

May we please remind you that on entry to the Parish car park, the 'drop off' zone should only be used for this purpose. Please avoid parking in this area and adhere to the 'no parking' request. When cars are parking in this area, it is causing significant congestion. Many thanks for your support to ensure our children arrive and leave school safely.

Could I also remind families that the gates in the morning are locked at 8.50pm in the morning. In addition, no adult, for any reason, should enter the school without being signed in at the main entrance.

We are delighted to announce that we have won the annual Quad kids festival at Weaverham High School. Quad Kids is an athletics concept designed to give children the opportunity to participate in and enjoy the core disciplines of athletics. It is specifically designed to be inclusive, competitive, quick and fun. Ten of our Year 6 children competed as a team on Monday afternoon and we were delighted to hear that we have come first overall. A huge well done to all involved!
